- 25X1 1. [ ] Comment. As, during the course of the summer, large fuel shipments were directed to the area of Neustrelitz, it is assumed that a fuel depot in existence there has been taken into operation and enlarged after it had not been used for some years. The depot is presumably located in the wooded area 5 km south-southeast of Altatrelitz, about 1 km southwest of Fuerstensee. According to the railroad traffic observed, the installation must be rather large and must have a capacity of more than 1,000 cubic meters. It belongs either to the GOFG or Second Gds Mecz Army, and [ ] 25X1
- 25X1 [ ] to the administrative staff of the Soviet High Commission. The shipment to Moegelin may have been bound for the IV Arty Corps or for KVP units stationed in this area.
- 25X1 2. [ ] Comment. Shipments for the Twenty-Fourth Air Army.
- 25X1 3. [ ] Comment. The shipment to Oranienburg [ ] 25X1
- 25X1 [ ] it is assumed that the shipment was redispached to the Greifswald district, as only a weapon distribution center for the KVP is located in Oranienburg.
- 25X1 4. [ ] Comment. A shipment of the 25th Tank Div to the army repair shop in Eberswalde. The motor vehicle belongs to the 25th Tank Div.
- 25X1 5. [ ] Comment. Soviet shipments to the KVP and shipments of new weapons from the USSR under the KVP armament program. 25X1
- 25X1 6. [ ] Comment. The shipment was commented on previously. [ ]
- The two motor vehicles belong to a unit of the Fourth Gds Mecz Army.
- 25X1 7. [ ] Comment. Oranienburg is the weapon distribution center of the KVP.
8. [ ] Comment. A large GOFG ammunition depot is located in Dannenwalde.
